OBJECTIVE

Looking for a challenging role in a reputable organization to utilize my technical, database, and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the IT sector.

PROFESSIONAL SUMMARY

- Expertise in working with Java using ide's like **Eclipse**, **IntelliJ** and **Visual Studio Code**

- Extensive in software development with a major focus on **Java** technology

- Knowledge of web frameworks like **Spring Framework** and **Spring Boot**

- Good at designing and implementing **RESTful APIs** with Java programming language and **Postman** for API testing

- Knowledge of database such as **SQL, PostgreSQL and NoSQL**

- Versatile web developer proficient in **HTML, CSS, JAVASCRIPT** and **REACTJS** skilled in crafting engaging websites and intuitive user interface to deliver impactful digital experiences

- Experienced in using **Git** and **GitHub** for version control system

- Familiarity with development best practice such as code reviews and unit testing

- Have flexibility and ability to learn and use new technologies and also to work in a team environment as well as independently to get things done

EDUCATION

Master of Computer Science, Rajeev Gandhi Memorial College of Engineering & Technology CGPA 7.6   2023 – 2025
Nandyal Andhra Pradesh India
Relevant Coursework: Java, Python, DBMS and Web Technologies

Bachelor of Computer Science, Sri Sai Krishna Degree College (Rayalaseema University), CGPA 7.1   2019 – 2022
Kurnool Andhra Pradesh, India

Intermediate, Govt Junior College (Town) Kurnool, CGPA 6.6   2017 – 2019
Kurnool Andhra Pradesh, India

SSC, Z P High School Kambalapadu, CGPA 8.7   2016 – 2017
Kambalapadu Andhra Pradesh, India

SKILLS

Technical Skills	Core Java, JDBC, Spring Framework, Spring Boot, HTML, CSS, JavaScript, ReactJS, SQL
Soft Skills	Good Communication Skills, Teamwork, Problem Solving Skills

PROJECTS

Online Food Ordering System | Dec 2023 – Feb 2024
Developed a robust online ordering system using Spring boot, SQL, ReactJS enabling users to browse, customize and place orders seamlessly. Features include real-time inventory updates, user-friendly and personalized recommendations. (Try it here)

E-Commerce- Mecart | Apr 2024 – Sep 2024

Built with Spring boot, SQL and AngularJS, this platform enables seamless browsing and purchasing**.** Features include real-time inventory updates and user-friendly. (Try it here)

PERSONAL INFORMATION

Father Name	Kummari Sankar
Mother Name	Kummari Parvathamma
Address	H.No: 2-153-2 Pusulur Kallur, Kurnool, AP
Date of Birth	Nov 12, 2001
Gender	Male

CERTIFICATIONS

Full Stack Web Development Intern
CodTech IT Solutions | Nov 25, 2024 – Jan 10, 2025
During my internship at CipherByte Technologies, I utilized my expertise in Core Java, JDBC, Spring Boot, Hibernate, SQL and ReactJS to contribute to impactful project development, including:
- Developing a **Personal Portfolio Website** with backend integration to showcase professional achievements.
- Creating a **Simple Blog Application** for streamlined content publishing and management.

These projects have significantly improved my backend development expertise, deepened my knowledge of full-stack web development, and honed my problem-solving skills.(Try it here)

Java Programming Intern
CipherByte Technologies | Sep 04, 2024 – Oct 04,2024
As a Java Programming Intern, I applied my technical knowledge in Core Java, JDBC, and Spring Boot to contribute to meaningful software solutions. My key contributions included:
- **Library Catalog System:** Developed a console-based application to enhance book management efficiency.
- **BankY Application:** Engineered a financial management tool to simplify banking operations.
- **Digital Library Management System:** Designed a system to modernize library workflows and operations.

This hands-on experience honed my backend development expertise, enhanced my problem-solving skills, and laid the foundation for excelling in full-stack web development.(Try it here)

Web Development Intern
Prasunet Company | Jun 15, 2024 – Jul 15, 2024
As a Web Development Intern at Prasunet Company, I leveraged my skills in HTML, CSS, JavaScript, and additional web technologies to create user-friendly and visually appealing applications. Key projects included:
- **Responsive Landing Page**: Designed and developed a mobile-friendly, visually engaging landing page to enhance user engagement.
- **Tic-Tac-Toe Game**: Built an interactive web-based game with dynamic features using JavaScript.
- **Weather Application**: Created a functional weather forecasting app with real-time API integration.
- **Portfolio Website**: Developed a personal portfolio to showcase professional projects and achievements.

This internship enhanced my front-end development expertise and improved my ability to design intuitive and user-centric web applications.(Try it here)
